YOUR #1 BEST PRICED LOCAL FIBER PROVIDER

GigFire, your trusted provider of **fast, reliable, and affordable internet** solutions. Our journey began with the vision and determination of our founder and CEO, who hails from Albert Lea, Minnesota. Born and raised in this community, he understood the crucial need for a robust internet infrastructure that could empower the city's residents and businesses.

Our headquarters, strategically located just off I-35 in Clarks Grove, Minnesota, serve as the nerve center of our operations which span over 10 states. Surrounded by many of the close-knit communities we serve, we find inspiration in our surroundings and are constantly motivated to make a positive impact on the lives of our fellow residents.

We take immense pride in our local roots, and it is reflected in our workforce, where many of our dedicated employees work, live, and raise their families in the same communities we serve. This deep sense of belonging and connection drives us to go above and beyond in providing top-notch services and personalized support to our valued customers.

Why Switch to GigFire Internet?

It's Fast!

We offer 1 or 2 Gig internet. What that means is your internet will likely be at least 25 times faster than what you have. You can work from home, game or stream TV with absolutely no issue.

Affordable

Plans start at \$70/month and we don't charge any extra fees that will surprise you on your bill. It's straight-forward and the lowest cost Gig internet available.

Whole-Home Coverage

With no added fee or charge we provide the equipment so your whole home has the same WiFi signals. Your basement, upstairs and main level will all have smoking fast internet speed.

Reliable

We realize many people now work and depend on their internet connection heavily. Our fiber internet is extremely reliable so you don't have downtime interrupting your daily activities.

No Risk

If you decide within the first month that GigFire Internet isn't for you, we'll refund you everything and give you an extra \$50 for your trouble. No risk whatsoever, but we know you'll love it.
